

Bonville Nursery is Hiring!

Role: Lead Horticulturist

Pay: \$30 - \$35/hr

Hours: 15 - 20hrs per week

Applications close: 9th Feb

We're on the hunt for a passionate horticulturist to take the reins & drive forward our horticultural goals for 2024 and beyond.

This position is geared to scale up and work side by side with the owners of the business. You will have access to training opportunities to grow your skillset and contribute not only to the nursery but our offsite garden maintenance service & the development of our new production nursery in Nambucca too.

If you're adaptable, focussed and creative when it comes to problem solving in the garden and beyond; we want to hear from you!

Tasks Include:

- Progress, oversee and implement our nursery IPM and nutrition program
- Help to develop and implement our Nursery propagation and production program. Working side by side with our owner to develop a future proof stocklist focussed on natives and climate resilient species
- Manage and collaborate with nursery hand casuals
- General labouring duties, grounds and equipment maintenance
- Provide off site service to our small group of garden maintenance clients. As well as look to build up this clientele through positive word of mouth
- Weeding, potting up, mixing of potting media recipes, watering, pruning, cleaning & treatment of pest & disease
- Oversee and manage general plant health within the nursery
- Assist with stocktake, order fulfilment & general customer service
- This is an all season role and applicants must be willing to work in all weather conditions

Requirements:

- *This is a labour centred role and applicants should be able to lift 30kg*
- *Cert IV Horticulture training*
- *Minimum 3yrs experience*
- *Construction white card (or be willing to obtain)*
- *Manual Drivers licence*
