Production Nursery Manager

Kenthurst Nursery Pty Ltd

Glenorie, Sydney NSW

Horticulture (Farming, Animals & Conservation)

Full time

Posted: 11th May 2023

For over four decades, **Kenthurst Nursery** has been a leading wholesale nursery in Sydney, committed to providing high-quality trees and shrubs to landscapers, landscape architects, landscape designers, garden centres, and developers.

With three expansive sites, we have grown significantly since our establishment in 1980, proudly serving as one of Sydney's largest wholesale nurseries.

Located in the peaceful suburbs of Kenthurst & Glenorie, we have dedicated over 40 acres of land to our production.

Our team of over 30 specialists is experienced in both propagation and tree development, ensuring that we offer one of the most extensive varieties of ground covers, grasses, hedges, and trees in the Sydney metro region.

At **Kenthurst Nursery**, we take pride in supplying only the best quality plants to meet the needs of our customers.

Whether you're looking for plants for a commercial development or your home garden, our team is committed to providing you with the highest level of service and expertise.

Contact us today to learn more about our products and services.

Benefits

- **Free Parking on Site**
- **Staff Discounts available**
- **Learning and Development Opportunities**

About the Role

We are currently seeking a skilled and experienced Production Manager for an immediate start at our Glenorie and Kenthurst sites.

As the Production Manager, you will lead a team of approximately 25 production and maintenance staff and be responsible for coordinating daily production work activities, training staff on production and maintenance procedures, identifying and controlling pest and disease issues, managing irrigation systems, and assisting sales staff with stock availability and image enquiries.

Key Responsibilities:

- Supervise and manage production and maintenance staff across multiple sites
- Coordinate daily production activities, including potting, plant maintenance, stock selection, staking, and pruning
- Train and coach staff on correct production and maintenance procedures
- Identify and control pest and disease issues to ensure high-quality plant production
- Manage and maintain irrigation systems to ensure efficient water usage
- Perform daily start-up and shut-down processes
- Assist sales staff with day-to-day enquiries related to stock availability and images

Join Our Team - Qualifications and Skills Required

To be considered for the role of Production Manager at Kenthurst Nursery, you should have the following qualifications and skills:

- Minimum of 3 years of experience in Nursery Production
- Certification III in Nursery or equivalent practical experience
- Full driver's license
- ChemCert certificate (preferred, but can be supplied by the employer)
- Excellent communication and organizational skills
- Strong work ethic and can-do attitude
- Attention to detail, team leadership skills, and the ability to work effectively as part of a team

As a family-oriented and expanding wholesale nursery, **Kenthurst Nursery** offers a fantastic opportunity to grow your career as a Production Manager.

To apply, please submit your resume to careers@kenthurstnursery.com.au or call us on [\(02\) 9654 1410](tel:0296541410) for more information. Please note that only successful candidates will be contacted.
