

NURSERY MANAGER

Small, busy specialized plant nursery seeks experienced manager.

Brooklet Northern Rivers Nursery is a wholesale production nursery supplying larger capital city based wholesalers.

Position is full time and hands on. The successful applicant will be required to have demonstrated experience in all aspects of plant production, sales, dispatch, pest control, maintenance, administration and basic computer skills.

Qualifications listed will be viewed favourably. Successful applicant will be encouraged to achieve the following qualifications;

- Chemcert
- Forklift Licence
- Bobcat Operation
- Manual Vehicle
- OHS obligations and awareness
- Horticultural qualification

The position would suit an experienced keen and competent nursery person who has managerial experience or is wanting to move into management and take on a leadership role.
