

# TheGreenGallery

Premium potted plants

Are you a qualified or experienced nursery person that is looking to join an award-winning wholesale nursery? Or do you love plants and want to learn more about growing them all whilst working outdoors and getting paid to keep fit?

We are looking to fill several positions with various levels of experience and responsibilities required, across our two production sites in Dural and Glenorie. The pay-rate will be commensurate with where we will be able to fit you into the business.

The Green Gallery nursery in Dural is an award-winning family-run business and one of Sydney's fastest growing nurseries known for producing and delivering high quality potted plants. We grow a large number of different plant types, with a particular focus on perennial colour and flowers, as well as tropical foliage (indoors/house plants) and succulents.

We are currently looking for casual nursery hands (with full time hours) ready to start ASAP. For the right candidates, a full-time permanent position will be offered after the initial trial period. There is opportunity for overtime in the busy spring and summer period.

### **Key qualities that we are looking for:**

- **A general knowledge of plants and an interest in learning more**
- **Ability to work unsupervised – quickly and efficiently**
- **Ability to work outdoors in all weather conditions**
- **Be able to follow instructions and learn quickly.**
- **Ability to work flexible hours as some overtime will be offered and required during very busy periods. (Some rostered weekend work (watering) may also be required in the warmer months.)**

The role will require some heavy lifting, but mostly repetitive lifting, so you need to be physically fit and to be able to be on your feet all day.

Some of the tasks will include:

- Working as part of the production team - potting, planting, spacing, watering, pruning etc
- Working with dispatch -selecting stock, quality control, picking orders, using tablets, loading trucks etc

Please keep in mind that this is a physical job that also requires you to follow instructions, as well as use your initiative and work at a pace consistent with a busy nursery farming business.

You must have a valid licence and preferably a car as we have two sites (15 min apart) and you will be required to travel between them on occasion. Also, public transport is very difficult in this area.

Please note that we are only interested in applicants that have permanent work rights in Australia.

**So, if you are a passionate plant person that is willing to work hard and learn more about plant and production nurseries, then this is the job for you!**

Please send your resume and cover letter to:

[thegreengalleryjobs@yahoo.com](mailto:thegreengalleryjobs@yahoo.com)

*Applications with a cover letter stating why you would like to work at The Green Gallery will be given preference over just sending in a resume. Short-listed candidates will be contacted for an interview. Thanks. :)*
