

**We are hiring !**

**Vanderley Nursery is a specialised production nursery situated near Port Macquarie, NSW.**

**We require a highly motivated and enthusiastic staff member to help the business grow and to keep up with the demand for our premium ornamental plant range.**

**The position involves general production and nursery hand tasks including potting plants, plant care, weeding, application of chemicals and dispatch. Working in a dynamic team of passionate horticulturalists offers an opportunity to develop knowledge and a skill set in an in-demand sector of farming in Australia.**

**Nursery trade qualifications are advantageous, however candidates with demonstrated experience in a Nursery or farm environment or general plant knowledge are welcome to apply.**

**The successful candidates will enjoy working in both a team environment and independently. You will need to be physically fit and capable of working in all weather conditions.**

**Self-motivation to get the job done efficiently is considered to be a valuable attribute and will be tested in a work trial in the first week of employment.**

**A current NSW driving license and your own reliable transport are necessary. There is no public transport servicing our area.**

**Hours of employment are variable, between 24 to 38 on Monday to Friday. The position will commence on a casual basis, but a full-time role will be considered after a successful trial is completed. Hourly rates are paid according to experience and certification under the National Nursery Award. The working day is generally between 7am and 3.45 pm.**

**If you believe you possess the skills required and feel that you can positively contribute to Vanderley Nursery, please apply by email, including your resume and a cover letter including relevant references to:**

**[office@vanderleynursery.com.au](mailto:office@vanderleynursery.com.au)**

**Vanderley Nursery is proud to be a non-smoking workplace.**
